Important Information:

- Please go to the test center during business hours to take the test. Due to seasonal increases in demand for testing, there may be longer queues at the test centers. Depending on current waiting times, **queues may be closed early**.
- Please bring all pages of this document with you to the test center (printed or in digital form).
- Do not eat, drink, or brush your teeth 15 minutes before the test!

We only test persons who are not showing symptoms to protect the health of our staff and other persons testing at our test center. If you experience typical COVID-19 symptoms (difficulties breathing, newly developed cough, fever or loss of smell or taste), please contact your doctor by phone for advice on where to get tested. Alternatively, you can call 116 117 or your local health authority for more information on where you can get tested.
